

## Mr Richard Clark

### Consultant Plastic Surgeon

MB ChB MRCSGlasg, MD, FRCSGlasg(Plast)

Mr Richard Clark is a Consultant Plastic Surgeon who is fully accredited on the General Medical Council's specialist register for Plastic Surgery.

Richard qualified in 1998 and was appointed a consultant in 2014. He undertook basic surgical training in the West of Scotland and then started plastic surgery training in Canniesburn Plastic Surgery Unit in 2003.

Whilst at Canniesburn he completed a two-year head and neck surgery fellowship from 2004 to 2006 including taking time to complete a post graduate MD research degree. He has published his MD thesis and several high-quality research papers. In 2007 he started on a Pan-Scotland Rotation in plastic surgery and spent time in Dundee where in 2009 he became the most junior trainee to pass the Plastic Surgery exit exam and obtain his FRCS Plast qualification.

In 2010 Richard moved back to Canniesburn in Glasgow and following this he undertook several periods of fellowship training to fine tune his skills in breast surgery both in Glasgow and Belgium and in a highly sought-after Training Interface Group fellowship in skin surgery in Norwich. He has also completed a BTEC in the use of cosmetic lasers and light therapy.

In the last 6 years Richard has built a significant private practice across the central belt and currently offers consultations and surgical procedures at our clinic in Glasgow and also at a private hospital in Stirling.

He offers a broad range of cosmetic surgery for patients seeking to restore or reshape their appearance, which are listed below:

- Breast Surgery - Augmentation/Enlargement, Reduction, Uplift/Mastopexy
- Body Contouring - Liposuction, Abdominoplasty, Arm & Thigh Lift
- Skin Lesion Surgery - Mole / Skin Tag removal from the face and body including skin cancers
- Male Breast Surgery – Also known as Gynaecomastia
- Eye Surgery - Eye bag removal / upper & lower blepharoplasty
- Mr Clark also offers other services such ear corrections and earlobe repairs.

Please contact our clinic if you have any enquiries about the service Mr Clark or any of our Surgeons offer or if you have a condition or are looking for a treatment which is not published on our website.
